Founding a Western Magazine.

We know some very ambitious and very worthy gentlemen who would like to be put into communication with those capitalists who have the money for a magazine enterprise. These gentlemen possess everything necessary to success except that essential vulgarly called "the stuff." And it is "the stuff" that is mighty hard to be got at just now.

Our opinion is that the way to the founding of a great magazine in the west must be made clear by and with a weekly publication that shall faithfully represent the west and honestly reflect western sentiment; that shall wage a merciless war upon the intellectual hermaproditic and dawning perverts and peccolated clay eaters who, on little benches along the eastern coast, presume to set themselves up as dictators in the great realm of American literature.

You are not for any "skunk" with those butabugs. We are for a war of extermination. But what is to be done? It must not be begun, however, on the part of the west until the west is fully prepared to sail into and disembowel every last mother's son of those twaddling twaddling squirts and their queer little parasites. — Eugene Field in Chicago News-Record

Curious Newspaper Beasts.

One of the biggest newspaper "beasts" in 20 years was achieved by La Nacion, a little newspaper published in the Argentine Republic. This newspaper published the news of the accident to the Victoria a day ahead of every other paper in the world, and the news of the disaster was known in Buenos Ayres before it was known in London.

The dispatch to the British government announcing the disaster, lay 12 hours unopened in the admiralty office. Meanwhile the news had been stolen off the wires and sent by a friend of the Argentine paper to La Nacion, which was able to publish it in advance of all its contemporaries. Such at any rate is the story of the "beast" as it is related here in newspaper row. It is safe to say that any of the leading American newspapers would have obtained exclusive intelligence of the Victoria disaster enabling it to beat the world with the news. La Nacion's "beast" seems to have been a case not of enterprise but of good luck. — New York Letter

SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for Washoe county, The State of Nevada, sends to Alexander McMurtry, a resident of said county, you are summoned to appear in an action commenced against you as defendant, by Kate McMurtry as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service) if served in said county; or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to obtain the judgment and decree of said court that the bonds of matrimony heretofore and now existing between you, said defendant, and said plaintiff be dissolved, and forever annulled, upon the several grounds of extreme cruelty, willful desertion and failure on your part to provide the plaintiff with the common necessities of life, having the ability so to do, and generally known to all of which will more fully appear from the complaint, which is on file in the office of the Clerk of said court at Reno, in said county, and to which you are especially referred. And you are notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed seal of said court, at Reno, this 31st day of July, A. D. 1893.

O. EVANS,

Clerk of the District Court of the State of Nevada, in and for Washoe county.

T. V. JULIAN, Attorney for Plaintiff.

SAN FRANCISCO, CAL., September 9, 1893.

There will be sold at public auction at Fort Bidwell, Cal., commencing October 10, 1893, and continuing from day to day as long as may be necessary, a large lot of miscellaneous public property. Circular describing the nature of the articles and other information may be obtained at this office or at the office of the Post Quartermaster at Fort Bidwell, Cal.

G. CHANDLER,

Chief Quartermaster.

WAKE UP.

If you wake up in the morning with a bitter or bad taste in your mouth, Langour, Dull Headache, Despondency, Constipation, take Simmons Liver Regulator. It corrects the bilious stomach, sweetens the breath and cleanses the furred tongue. Children as well as adults sometimes eat something that does not digest well, producing Sour Stomach, Heartburn, Restlessness, or Sleeplessness—a good dose of Regulator will give relief. So perfectly harmless is this remedy that it can be taken by the youngest infant or the most delicate invalid without injury, no matter what the condition of the system may be. It can do no harm if it does no good, but its reputation for 40 years proves it never fails in doing good.

State Line Mills.

Clear and Common Lumber, Lathe, Shingles,

STEWART'S AMENDMENT.

Senator Stewart has offered an amendment to the bill to repeal the purchasing clause of the Sherman Act to which it seems the goldbugs cannot offer a reasonable objection. It authorizes the President to invite the Governments of Mexico, Central and South America, Hayti and San Domingo to join the United States in a conference at Washington, four months after the passage of the Act, to secure the adoption of a common silver dollar of not less than 359.91 grains nor 383.13 grains of pure silver to be issued by each Government, and to be legal tender in all commercial transactions between all citizens of all the American States. It further provides that the findings of the delegates shall be binding on the Governments which sent them, and on an agreement being made the Governments represented shall open their mints to the unlimited coinage of silver for the benefit of depositors.

These are the States with which the United States has been endeavoring to establish more intimate commercial relations than exist at present. Mr. Blaine's reciprocity scheme establishing free trade upon certain conditions between those countries and the United States was approved by the Eastern States which are now doing all in their power to establish the gold standard. The greater part of the trade of those Republics goes to Europe. If they agree with the United States and adopt a silver dollar which will be a legal tender in all commercial transactions it will tend to increase traffic between them and be of incalculable benefit to the United States. The fear of losing the trade of Mexico and of Central and South America, which it now monopolizes, might cause England to take another view of the silver question. It would find that the adoption of a common dollar which would put current on the American Continent from the British possessions to Patagonia, would advance the price of silver to its comage value and that its trade with India would not be so profitable as it is with silver at 74 cents an ounce.

There ought not to be a voice raised, nor a vote cast against this amendment in either House of Congress. It proposes an international monetary conference between the Republics of America to agree upon a dollar which shall be a legal tender in commercial transactions in Brazil, the Argentine Republic, Chile, Peru, Central America and Mexico as well as in the United States and the opening of the mints for the coinage of such dollars. It may be assumed, however, that the goldbugs will oppose the amendments, as they do not want silver coined upon any terms that is not satisfactory to the European money kings.

THE CHEROKEE STRIP.

It was estimated last week that at least 75,000 persons were congregated as near the Cherokee Strip, as United States troops would permit them to go, all anxious to get into the promised land, and secure farms at the government price of from \$1.25 to \$2.50 per acre. Those "boomers," as they were called, subjected themselves to great hardships and privations and many of them succumbed to the heat of the scorching sun, while standing in line exposed to its rays to have their names registered among those entitled to enter the "Strip," and locate farms or town lots. Saturday noon, the time at which the "Strip" was opened for settlement, those thousands rushed into the new territory. The prairie grass was accidentally or purposely set on fire by those who first entered the territory. This caused the rush, though the most daring braved fire and smoke and kept on until they penetrated the wall of fire or lost their lives in the attempt.

The country was not what many hoped to find. Instead of a land flowing with milk and honey they found a blackened waste desolated by fire. Many were disappointed and now it is reported that thousands are making strenuous efforts to get out of the country as they made a few days ago to get into it. Towns along the border are crowded fully as much with those who have left the Strip disgusted and disappointed as they were last week with persons awaiting the time for entering it. The disappointed say it is the most uninviting region on the face of the earth. Water is scarce, the weather intolerably hot and prairie fires are burning in every direction.

It is probable that the country is not so barren as the returning boomers picture it. The fact that fires rage throughout the Strip is proof that vegetation has been luxuriant. It could not be expected that water would be abundant at this season of the year, and those who went there expecting to find a spring or a stream for every quarter section, were of course doomed to disappointment.

The Strip for years afforded excellent pasturage for large herds of cattle and, no doubt, the greater part of it will in a few years be dotted with comfortable farm houses surrounded by fields of waving corn and grain.

A call is issued for a meeting of Nevada woolgrowers to be held to vote to protest against reducing the tariff on wool. The sheep industry is about the most lucrative in the State at the present time, but those engaged in it say that if wool is put on the free list or the tariff on it materially reduced it will make wool growing as unprofitable as the demeritization act has made silver mining.

IMPORTING OFFICIALS.

There are two Indian agencies and several Indian reservations in Nevada. One of the Indian agencies is located at Duck Valley in the northern part of Elko County; the other at Pyramid Lake in Washoe County. Usually the persons appointed to supervise affairs at those agencies have been selected from among the residents of the State. Now this order is reversed, and men from the East, who probably never saw an Indian except in a circus, are sent here to assume charge of the agencies. The new agent for Duck Valley hails from Delaware, and an Indian has been appointed to the Pyramid agency. The Duck Valley agent is at his post, but the newly-appointed Pyramid agent has concluded not to venture into the wilds of Nevada until the Senate confirms his nomination.

The "gallant seven hundred," who while professing the greatest devotion to Cleveland and Democratic principles last fall, did everything in their power to give the electoral vote of the State to Harrison, enter no protest against this unreasonable and undemocratic discrimination against citizens of Nevada. When Republicans adopted the carpetbag system, every Democrat in the United States protested against it. Now the leaders of the "seven hundred," some of whom have hopes of getting office, endorse the carpet bag system, as they do the repeal of the Sherman Act and the opposition to the repeal of the Federal election law, lest they might lessen their chances of getting office by doing otherwise.

Why, in the name of consistency and Democracy, do not the few of the eight hundred who expect no office and the few who would not have office if they could get it, vigorously protest now as they did years ago under Republican rule, against the appointment of carpet baggers to Federal offices in Nevada?

EXPRESS TRAINS COLLIDE.

Eight Persons Killed and Several Injured.

CHICAGO, September 19.—Last night, owing to the heavy World's Fair travel, the south-bound Big Four express left here in two sections. At Manteno, sixty miles south, the first section stopped for water just beyond the curve. The second section, following close behind, crashed into the standing train at a high rate of speed, before the flagman could possibly get back far enough to give warning. Fortunately the last car on the first section was empty, else no one in it would have been left alive, as it was crushed into kindling wood. The next two cars were sleepers, and the force of the impact drove them into two day coaches in front, which owing to their lighter construction were crushed and riven. These cars were filled with passengers. The citizens of Manteno lent all the assistance possible towards rescuing the wounded and removing the dead. The worst hurt were taken to neighboring houses and others to this city and taken to St. Luke's Hospital. Following is a list of the dead as reported at Big Four headquarters here. Emil Kimmel, Dayton, O.; J. W. Powell, New Vienna, O.; L. L. Sweet, Louisville, Ky.; David Jackson, Carmel, O.; Minnie Duviers, Lower Albany, Ind.; two men and one woman are unidentified. There are fourteen injured at St. Luke's, of whom the following are likely to die: Blanche Bellerston, Sinking Springs, O.; Wm. Evans, Powellton, W. Va.; A. J. Scholter, Ripley, Ohio.

The body of the unknown young woman has been identified as that of Miss O. Edwards of Chicago. The injured in all number about twenty. The flagman of the second section has disappeared.

The two unknown bodies of men have been identified as Charles Dickender and Jacob Simson of Columbus, Ohio. Nearly all the passengers on the train were from Ohio.

THE HEAD IDENTIFIED.

The Skull Found in the Wire Net That of a Colored Woman.

SAN RAFAEL, September 19.—The skull of the female found near Sausalito September 14, enclosed in a piece of wire netting, was positively identified at the Morgue this morning by Laura Allen and W. K. DeJarnatt, of Colusa, as that of Addie Gilmour, of Colusa. Miss Gilmour had been employed by Topfitz as a milliner of San Francisco. She resided at 314 Bush street. She was last seen alive September 7, 1893, when found in the side of the netting around the skull. Miss Allen and Mr. DeJarnatt are positive it is she, as one of her teeth are gone and one filled, and also by the shape of the head and a small piece of hair. Coroner Eden will hold an inquest this afternoon.

Addie Gilmour, whose head was found floating in the bay, lived at the Elmer House on Bush street, this city. The man in charge of the house said she left about two weeks ago and had not returned. More than that he refused to say, though he claimed to know all about her. At the millinery store of F. Topfitz, on Market street, it was learned that Miss Gilmour worked there. The proprietor of the store stated that Miss Gilmour was a resident of Colusa and owned a store there. About three weeks ago she went to work in Topfitz's store in order to learn styles. She left a week and a half ago, and it was not known that she had not returned home until her partner, Miss Allen, came from Colusa to make inquiries as to her whereabouts.

Burglars opened the safe of Wilbur & Co., grain dealers, at Phillips, Me., and secured cash and papers valued at \$30,000.

PENNSYLVANIA DEMOCRATS.

They Indorse the Administration and Want a Prompt Revision of the Tariff. HARRISBURG, Pa., Sept. 19.—The Democratic State Convention nominated F. C. Osburn for State Treasurer. The platform indorses Cleveland's administration and the passage of the Wilson repeal bill by the House; calls on the Pennsylvania Senators to support unconditional repeal; favors a currency of gold, silver, treasury and bank notes sufficient for the needs of the country and kept strictly at par; holds the Republican party and McKinley tariff responsible for the financial condition of the country, and declares that prompt revision of the tariff is necessary.

Terrible Prairie Fires.

GUTHRIE, (O. T.), September 19.—A courier just in from the Pawnee reservation states that a terrific prairie fire is raging there, and hundreds of settlers have been compelled to abandon wagons, tents and outfits and flee for their lives on horses. Several dead bodies have been found and it is feared that many will perish. Boomers are returning to-day by hundreds, dirty, tired and sore.

Telegraphic Notes.

The fourth annual session of the National Association of Letter Carriers is being held at Kansas City.

Mast, Buford & Burwell, the heaviest dealers in wagons and carriages in the Northwest, with a factory at Gladstone, Minnesota, failed yesterday.

The Davis Ferry Company has purchased the Whitney Express and will now run a freight as well as passenger line between San Francisco and Oakland.

Emperor William and Emperor Francis Joseph had a long and secret conference yesterday. It is believed the European situation was discussed and an agreement arrived at.

W. H. Thomas, a lawyer, prominent in Republican politics, committed suicide at his residence, near Los Angeles, by taking morphine. He had been a sufferer from consumption.

It is now reported that only \$30,000 of the \$70,000 taken by the robbers from the Mineral Range train has been recovered. A dozen persons are under arrest charged with being implicated in the robbery.

The President has nominated W. B. Hornblower, of New York, as Associate Justice of the Supreme Court of the United States. He succeeds the late Justice Blatchford. The President has also nominated J. J. Van Allen, of Rhode Island, Ambassador to Italy.

Fisherman's Day at the World's Fair was attended by a large crowd. The celebration began to-day with a procession and all sorts of fishing craft from Arctic whalers down to a dory. The celebration will continue three days with an exhibition of skill in all departments from harpooning to scientific angling.

The remains of James K. Polk, tenth President of the United States, and those of his wife were removed from the Polk place to the State capital grounds at Nashville, Tennessee, yesterday. Business in the city was suspended and bells tolled during the ceremonies which were impressive and attended by a large number of people.

DIED.

TOMAMICHEL.—In Reno, Nev., September 18, 1893, John Jacob Tomamichel, infant son of Mr. and Mrs. T. Tomamichel, aged 8 months and 15 days. The funeral will take place from the Wm. Tell House this afternoon at 2 o'clock.

Ayer's Hair Vigor

Makes the hair soft and glossy. "I have used Ayer's Hair Vigor for nearly five years, and my hair is most glossy, and in an excellent state of preservation. I am forty years old, and have ridden the plows for twenty-five years."—Wm. Henry Ott, alias "Mustang Bill," Newcastle, Wyo.

Ayer's Hair Vigor

Prevents hair from falling out. "A number of years ago, by recommendation of a friend, I began to use Ayer's Hair Vigor to stop the hair from falling out, and prevent its becoming gray. The first effects were most satisfactory. Occasional applications since have kept my hair thick and of a natural color."—H. E. Basham, McKinney, Texas.

Ayer's Hair Vigor

Restores hair after fever. "Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success. Until at last I began to use Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color."—Mrs. A. Collins, Dighton, Mass.

Ayer's Hair Vigor

Prevents hair from turning gray. "My hair was rapidly turning gray and falling out; one bottle of Ayer's Hair Vigor has remedied the trouble, and my hair is now its original color and fullness."—B. Onkrup, Cleveland, O.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by Druggists and Perfumers.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name Syrup of Figs, and being well informed, you will not accept any substitute if offered.

A Remarkable Wedding.

CHICAGO, September 19.—A bride and groom, whose combined ages are 139 years, joined fortunes when John A. Packard, aged 76, and Miss Harriet M. Pachen, aged 63, were married here last night. The sprightly couple immediately left for California, where the aged bridegroom owns a ranch. Packard is well-known in Chicago, and today deeded residence property here, at his first wife's request to the society to support indigent preachers.

BUSINESS LOCALS.

Hot lunch at Kerth's every day, 15 cents. Pure ice cream fountain soda at Pinniger's, Virginia street.

Take your prescriptions to McCullough's; no-commission dispensary. Go to the Palace Bakery for fresh whole-some bread, cakes, pies and candies.

BREVITIES.

Hon. George Russell came in from Elko yesterday.

There was a large attendance at the Pavilion last night.

J. L. Wines went to Genoa yesterday on professional business.

The Nevada wool growers will hold a convention in Reno to-day.

James Clark, of Humboldt House, came in last evening to attend the Fair.

The hackmen only charge 25c. for the round trip to the Fair grounds and return.

Ex-Governor and Mrs. Bell came over from Carson yesterday to attend the Fair.

Thomas Nelson came in from Humboldt last night to attend the Wool-growers' Convention.

Mrs. George W. Cassidy left Eureka Monday for San Francisco, and from thence will visit the World's Fair and the East.

Judge I. B. Marshall, in answer to a telegram announcing the serious illness of his brother, departed last night for San Jose.

More than two hundred Keeley graduates from the Soldiers' Home at Leavenworth attended a bi-choral of gold picnic at Chicago last week.

Baldness is either hereditary or caused by sickness, mental exhaustion, wearing tight fitting hats, and over work and trouble. Hall's renewer will prevent it.

E. A. Herting has been indicted by the Grand Jury of Lyon County for attempting to rob A. Patowski on the public highway between Dayton and Silver City last August.

W. H. L. Knox and his son-in-law, James Morris, have sold their residence in Powning's Addition to Mrs. Gage, of Golconda, for \$4,000. Mrs. Gage took possession yesterday.

The large draw span of the Terminal Railway Company's bridge between Council Bluffs, Iowa, and Omaha, Nebraska, was completed last week. It is 520 feet long and exceeds in length anything of the kind in the world.

The Silver State says the funeral of Mrs. George H. Derbyshire took place on Monday. The services were held at the Catholic Church, Rev. Father Keeley officiating. The floral offerings were numerous and beautiful. The funeral was largely attended and was one of the saddest ever held in Winnemucca. The interment took place in the I. O. O. F. Cemetery.

Schools Closed To-day.

The Board of School Trustees of Reno have closed the schools for to-day to enable the teachers and pupils to attend the State Fair. There has been a very full attendance the past two days, and in recognition of this punctuality on the part of the pupils the Board has kindly allowed them a holiday.

The Directors of the State Fair have generously invited teachers and pupils to attend free of charge to-day. Pupils over 12 years of age must be accompanied by their teachers in order to gain admission.

Passed Away.

The little 9-months-old child of Mr. and Mrs. T. Tommich, of the Wm. Tell House, died Monday night. The child had been suffering from the effects of whooping-cough for several months, but the immediate cause of death was diarrhea. The funeral will take place from the Wm. Tell House at 2 o'clock this afternoon.

School Day.

By order of the trustees there will be no school to-day. This was done to give the children a chance to attend the Fair. All school children will be admitted free. Those over 12 years of age must be vouched for by their teachers in order to get through the gates.

THE SECOND DAY.

Interest in the Fair Increasing—Good Racing.

The second day of the State Fair opened with a bleak and disagreeable wind, but this did not deter an increased attendance at the grounds. The number of ladies occupying seats in the grand stand was largely in excess of the attendance the first day, and shows that they too are taking an increased interest. The special train from Virginia and Carson brought a great many more visitors to the city than arrived Monday.

Everything connected with the Fair is in apple-pie order, and the managers of the Association should certainly feel elated at the prospects of the success of the Fair. This was looked upon as an off year, owing to the stringent times and the Directors of the Nevada Agricultural Society entered upon the duties of their several offices with much uncertainty, but now their fears have vanished, being replaced by a feeling of satisfaction.

A prominent feature of all fairs is the racing, and this one will go on record as being the most successful in the history of the State Fairs on that score. There is more and better racing stock in the stalls and on the track this year than ever before, and the racing, although there has been no extraordinary time chronicled, has created more than usual interest. The horses are so evenly matched that it is a guess to choose the winner. There is always a motley crowd at the pool sellers' stand, and the betting, considering the times, is very brisk.

Tuesday, as a usual thing, is the first day of the stock parade, but this year the Directors have concluded to change the program and have the parade later in the week.

At 1 o'clock yesterday afternoon Professors J. C. Rowe and William Darrel gave an exhibition on the trapeze and rings. Both are experts in their line of work and their many seemingly miraculous maneuvers called forth the admiration of the spectators. Their performance lasted about a half hour, after which the bangle called up the horses for the first race.

The judges for the day were Hon. Theodore Winters, Louis Dean and M. D. Foley.

THE RACES.

No. 5, running, four and a half furlongs, \$200.—The entries were Black Beauty, ridden by Lopez; Stoneman, by W. Olancy; Bordeaux, by Tubbenville; Drummer, by Spence; Banjo, by Furman, and George Ford, by Cooper. The pools were selling at even money with Stoneman against the field. The horses got off at the third attempt, with Stoneman in the lead. Stoneman, Bordeaux, Banjo and Drummer kept well together, coming down the stretch neck and neck and laboring hard under the whip. Stoneman, however, pulled in under the wire winner by a head, Drummer second, Bordeaux third. Time, 1:57 1/4.

No. 2, running, Reno Handicap, one and one-eighth miles—\$600 added.—The entries were Happy Day, ridden by W. Olancy; Steadfast, by Murphy; Garcia, by Tubbenville, and Raindrop, by Smith. The field was selling favorite at \$10 against Happy Day for \$8. Garcia took the lead from the wire and maintained it to the half. After leaving the half Raindrop slowly gained on him and took the lead after passing the last quarter, coming under the wire winner by a length, Garcia, 2; Happy Day, 3. Time, 1:58 1/4. Tubbenville, the rider of Garcia, was fined \$20 for changing his bridle in weighing out.

No. 6, running, six furlongs—\$300.—The entries were Carmel, ridden by Tubbenville; Silver State, by Thompson, and Parametta, by W. Olancy. Parametta sold favorite at \$10 with the field at \$5. Carmel took the lead from the start with Silver State a good second, and Parametta, the favorite, about three lengths behind at the half. The short-enders were more than happy, but their happiness was short lived, for after leaving the half the favorite was forced to a faster pace and soon joined those in the lead. At the last quarter Parametta took the lead, with Silver State second. Coming down the stretch the rider of Silver State was working hard to get in first, but Parametta was running easy and maintained the lead to the finish, coming in winner by a length, Silver State second. Time, 1:19.

No. 8, special pacing, 2:30 class, 2 in 3—\$400.—The entries were Lady Charlotte, driven by Nelson; Johnny Skelton, by Hodson; Benito Boy, by Holloway, and Tom Pepper, by Hines. The pools were selling even money with Skelton against the field. Lady Charlotte had a slight advantage in the start, but broke badly on the first quarter, when Johnny Skelton took the lead. At the half Charlotte was again down to work and was neck and neck with Skelton, with the other two horses some distance to the rear. Down the stretch they came neck and neck, and excitement was at its highest pitch. Charlotte had about a head the best of it, but could not stand the rush, and broke going under the wire, giving the heat to Skelton, and shutting out Benito Boy. Time, 2:41. Lady Charlotte was injured in this heat and was brought on the track between the heats in a very lame condition, and the judges allowed her to be withdrawn from the track.

In the second heat Johnny Skelton and Tom Pepper started. The former took the lead, and it was evident that he had a walk-over. Notwithstanding that he broke five times, he came in winner, and under protest of Pepper's driver was given the race. Time, 2:41 1/2. No. 9, trotting, 2:40 class, 2 in 3, \$300.—The entries were Lottie G, driven by

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

Blanchard; Dauchy, by Holloway; Milford B, by Bransford, and Dexter Chieftain, by Hodson. It was hard to tell who was selling favorite. Lottie G was selling for \$10, Chieftain for \$10, and the field for \$10. Milford B set the pace and was closely followed by Dauchy. Milford B won the heat by two lengths, Dauchy second, Chieftain third. Time, 2:37. The sulky to which Dexter Chieftain was hitched was a pneumatic tire sulky, and in the first heat one of the tires was either punctured or came off the rim. In view of the accident the judges did not shut him out, and the bursting of the tire frightening Lottie G, she also was allowed to start in the second heat, although both had been discarded.

In the second heat Milford B had a little advantage in the start and kept a steady pace around the course, while the other horses broke badly. Milford B won the heat and race, Lottie G second, Dexter Chieftain third. Time, 2:39.

THE PAVILION.

The visitors and residents are beginning to appreciate the fact that the Pavilion is a worthy place to visit. There was a largely increased attendance last evening. Some few of the exhibits are yet to be placed but nearly all the space is filled.

Hastings' orchestra discourses sweet music which is greatly appreciated.

The attention of the reporter was called to the following exhibit, notice of which is simply given in a casual way, as a detailed account will shortly follow: The State University and Agricultural Experiment Station are deserving of special mention for their exhibits. They occupy almost one-half of the lower floor, and those who are skeptical as to the advantages the State University offers as an institution of learning are respectfully asked to visit the Pavilion. A one-half horse power engine, made by the students of the Sophomore class of the Mechanical Department, is in operation, and attracts much attention.

The Experiment Station has a fine display of the products of the farm. The display beggars description without too much space, and to be appreciated should be seen.

The ladies of the Christian Temperance Union have provided an inviting little nook for the weary, where all can drink of the pure cold water and rest in the easy chairs.

The exhibit of Mrs. Theodore Winters is a great credit to that estimable lady. It shows that she has not been sparing in her efforts to assist in making the Pavilion attractive. She shows an extensive variety of preserved fruits, jellies, pickles, bananas, etc. The whole display is certainly magnificent and a great number of the lady's friends are making an effort to have her make the same exhibit at the Midwinter Fair.

Messrs. Berry & Novacovich, A. H. Manning, J. Armstrong and the Riverside Mill Company have splendid exhibits.

On the upper floor there are worthy exhibits from John Sunderland, R. Herz, S. J. Hodgkinson, E. C. Sessions and many others, while there is a very interesting and neat display of fancy and hand work.

The Pavilion exhibit promises to be the best ever had, and will well repay a visitor to spend a little time in looking around.

TO-DAY'S PROGRAM.

At 10 o'clock A. M. the following bicycle races will begin:

No. 1, half-mile, standing start, State championship.

No. 2, quarter-mile and repeat, flying start.

No. 3, ladies race, quarter-mile, State championship.

No. 4, quarter-mile, standing start, State championship.

The program of races for the afternoon is as follows:

No. 1, running, one mile and seventy yards—Quarterstaff, Wyandshot and Steadfast.

No. 2, running, three-quarters of a mile—Romulus, Paramatta, Garcia, Quarterstaff and Snapping Andy.

No. 3, trot and pace, two-mile dash—Hera, George Waple, Bracelet, Hattie B and Sunrise.

No. 4, trot and pace, 2 in 3—Thompson, Good Enough, Milford, Tom Pepper and Bozzer.

No. 5, two-year-old trot, 2 in 3—Quibowl and Tam O'Shanter.

MYSTERIOUS DEATH.

Strange Death of James Kean at the Washoe Brewery.

Yesterday afternoon Coroner Brown held an inquest upon the remains of James Kean, the carriage trimmer, whose mysterious death occurred at the Washoe Brewery about 7 o'clock Monday evening. Several witnesses were examined but their testimony threw very little light upon the subject beyond the fact that Kean and a stranger had been seen together during the afternoon and were together at the Washoe Brewery a short time before Kean was discovered in a dying condition. One witness stated that Kean had a silver watch in his possession during the day and tried to pawn it, and as no watch was found upon the body and the stranger having mysteriously disappeared led the coroner to suspect foul play and he decided to have a post mortem examination. Dr. W. A. Phillips, who was called to see Kean at the last moment, and who assisted at the post mortem, testified that from the few symptoms he observed before the man died and the history of the case as detailed at the time and the result of the post mortem, he was of the opinion that death ensued from opium poisoning but could not be positive without a chemical analysis of the stomach. After hearing the testimony of the several witnesses the jury rendered the following:

VERDICT.

We the undersigned jurors summoned to appear before H. P. Brown, coroner of Washoe county, on September 19th, 1893, to inquire into the cause of the death of James Kean, having been duly sworn according to law and having made such inquiry, after viewing the body and hearing the testimony addressed, upon our oaths, each and all do say that we find the deceased was named James Kean, that he was a native of Chicago, Illinois, aged 30 or 33 years, and that he came to his death at Reno, Nevada, on the 18th day of September, 1893, by some cause to us unknown. All of which we duly certify by this inquisition in writing by us signed this 19th day of September, 1893.

SUGAR BEETS.

A Comprehensive Treatise on Their Culture and Manufacture Into Sugar.

The JOURNAL is indebted to President Jones, of the University of Nevada, for a copy of Agricultural Experiment Station Bulletin No. 19. This bulletin treats of sugar beets, and was prepared by Professor K. H. McDowell, B. S., Agriculturist and Horticulturist, and Professor N. E. Wilson, B. S., Chemist. It contains much valuable information on the subject treated. It says the best sugar industry is surely one adapted to Nevada, both from the farmer's and the manufacturer's standpoint, as our soil, climate and other conditions are favorable.

The bulletin will be sent free to any farmer or other person interested in agriculture within the State.

The Station is prepared to analyze and test fertilizers, soils, muck and gypsum, which may be of agricultural value, cattle foods, water, milk and dairy products, seeds, with reference to their germinating power and purity; to identify grasses and weeds and study forage plants; to investigate the diseases of fruit and fruit trees, grains and other useful plants; to make reports on injurious insects and the most practical means of combating them. This work is done gratis for residents of the State.

Address all communications to Agricultural Experiment Station, Reno Washoe County, Nevada.

Reno Day.

We, the undersigned, agree to close our places of business on Wednesday, September 21, 1893, at 12 m., and remain closed for the balance of the day:

W. O. H. Martin, J. B. McCullough, Berry & Novacovich, Pike & Hollingsworth, S. O. Wells, Coffin & Larcombe, Dixon Brothers, Babb & Midmore, E. C. Leadbetter, Lange & Schmitt, S. Emrich, M. Nathan W. S. Bailey, H. Fredrick, Reno Shoe Factory, H. Leter, Abrahams Brothers, Tassell Brothers, John Sunderland, P. Russak & Co., W. P. McLaughlin, A. H. Manning, Reno Mill & Lumber Company, Jones & Co., I. N. Bakeless.

BREVITIES.

Plumbing, tinning and pipe work neat and cheap at Lange & Schmitt's.

For rashes, pimples, and blotches, Ayer's Sarsaparilla is an unequalled specific.

Dr. Loscy will be at the Palace Hotel during fair week. Rupture and piles cured or no pay. sep12w1.

R. C. Willis has just issued a cash list circular. A perusal of the same will benefit purchasers. Send to him and get one.

If you want a good fitting pair of boots or shoes—no scab work from strangers—go to H. F. Pavola, who is reliable and no stranger.

Guaranteed Cure.

We authorize our advertised druggist to sell Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition. If you are afflicted with a Cough, Cold or any Lung, Throat or Chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at S. J. Hodgkinson's drug store. Large size 50c and \$1.

A Leader.

Since its introduction, Electric Bitters has gained rapidly in popular favor, until now it is clearly in the lead among pure medicinal tonics and alteratives—containing nothing which permits its use as a beverage or intoxicant, it is recognized as the best and purest medicine for all ailments of the Stomach, Liver or Kidneys. It will cure Sick Headache, Indigestion, Constipation, and drive Malaria from the system. Satisfaction guaranteed with each bottle or the money will be refunded. Price only 50c per bottle. Sold by S. J. Hodgkinson.

The True Laxative Principle.

Of the plants used in manufacturing the pleasant remedy, Syrup of Figs, has a permanently beneficial effect on the human system, while the cheap vegetable extracts and mineral solutions, usually sold as medicines, are permanently injurious. Being well-informed, you will use the true remedy only. Manufactured by the California Fig Syrup Co.

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Scres, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all skin Eruptions, and positively cures Piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson.

Operatives.

There are of all sorts, some good, some bad, some indifferent. You want the best. So take Simmons' Liver Regulator only. It is the best operative in any attack of Indigestion, Dyspepsia, Constipation, and Biliousness, or drive away Malaria. Don't be tempted to take anything else in place of the Regulator.

Tired, Weak, Nervous

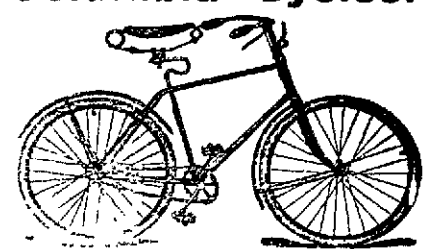

Mrs. Mary C. Criderman

"I had rheumatism so severely that I was obliged to use a cane. I was tired of life and was a burden to those about me. I often suffered from dizziness, worried much, and was subject to nervous spells. Hood's Sarsaparilla made me feel like a different person. I owe my present good health to Hood's Sarsaparilla." Mrs. MARY C. CRIDERMAN, Le Portaine, Kansas. Be sure to get Hood's.

Hood's Pills cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache.

"August Flower"

I had been troubled five months with Dyspepsia. The doctors told me it was chronic. I had a fullness after eating and a heavy load in the pit of my stomach. I suffered frequently from a Water Brash of clear matter. Sometimes a deathly sickness at the stomach would overtake me. Then again I would have the terrible pains of Wind Colic. At such times I would try to belch and could not. I was working then for Thomas McHenry, Druggist, Cor. Irwin and Western Aves., Allegheny City, Pa., in whose employ I had been for seven years. Finally I used August Flower, and after using just one bottle for two weeks, was entirely relieved of all the trouble. I can now eat things I dared not touch before. I would like to refer you to Mr. McHenry, for whom I worked, who knows all about my condition, and from whom I bought the medicine. I live with my wife and family at 39 James St., Allegheny City, Pa. Signed, JOHN D. COX.

Attack on Missionary Work.
American missionaries have been in trouble of late in Turkey, China and Japan. The Japan Herald makes the bitter charge that the "native Christian pastors have no scruples about appropriating the property of other people," and goes on to say that "it is well the charitable, although misguided, enthusiasts in America and Europe who furnish the funds for the support of missionaries in China and Japan should know what has occurred." The Mail goes into specifications of its accusations of gross dishonesty.

As to the brutal assault by Turks upon Miss Anna Melton, a Presbyterian missionary in Amadia, the facts of which have been printed, the Presbyterian board of foreign missions and the state department of the United States are exchanging communications, but it is not unlikely that the diplomatic abyss of Constantinople will bury the whole topic.

A New Yorker in China.
Mr. William Pethick, United States vice consul, for many years a confidential adviser to H. E. Li Hung Chang, has resigned his position of manager of the railway and after 27 years of continuous residence in China is going home.

His thorough acquaintance with the Chinese language, his indefatigable studious habits, his almost unequalled opportunities of observation and knowledge, give a weight to what he says about China which would not belong probably to 10 others in the empire. It is well known that he has prepared a compendious work on the life of his great patron Li, and it is hoped that the work may soon be published.—China Mail.

Curious Contrasts.
The ill temper, the lack of self restraint, the utter unreasonableness which at the present time in various parts of the world characterize the relations of man with man, after a century of the phenomena eminently deserving the attention of the philosopher. In Central America, in Colorado, in the Fifth Avenue hotel, in Paris, in remote Siam, even within the staid and sacred precincts of the British house of commons, lunacy and individual irresponsibility seem temporarily to prevail.

Professional pugilism alone preserves prudent passivity. While Mitchell, Corbett, John L. and their brothers of the ring keep their heads cool and judiciously refrain from fight, statesmen, legislators, politicians and other representatives of the so called higher civilization are flying at one another's throats and making day and night hideous with their howlings. Why is this thus?—William C. Clark in New York Sun

Children Cry for Pitcher's Castoria.

BOARD OF EQUALIZATION.
OFFICE OF COUNTY CLERK, WASHOE COUNTY, NEVADA—Reno, September 11, 1893. Notice is hereby given that the County Assessor of Washoe county, Nevada, has completed the tax list or assessment roll for A. D. 1893, and has duly attached his certificate thereto and delivered it and the map books, and all original lists of property given to him in case, to the Board of County Commissioners. That the Board of County Commissioners will meet on

Monday, September 18, 1893.
As a Board of Equalization, and will hear and determine all complaints made in regard to the assessed value of any property within said county, and will change and correct any valuation, either by adding thereto or deducting therefrom, if they deem the same fixed in the assessment roll either above or below the true value; whether the said sum was fixed by the owner or assessor, except that in case where the person claiming of the assessment has refused to give the assessor his list under oath as required by law, in such cases no reduction will be made by the Board of Equalization in the assessment made by the assessor.
The assessment roll will be kept open for public inspection at the County Clerk's office until after the expiration of a period of 10 days after the date of the meeting of the Board of Equalization will continue in session from time to time until the business of equalization is disposed of; but said Board will not meet after the

WOOD FOR SALE.
Four-foot Wood Delivered
for \$5.00 a Cord.

Orders at Marcus Fredrick's Lumber Store
J. F. ATKEN.

BALD HEADS!

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

It is what you need. Its production is not an accident, but the result of scientific research. Knowledge of the diseases of the hair and scalp led to the discovery of how to treat them. "Skookum" contains neither mineral nor oil. It is not a dye, but a delicately cooling and refreshing tonic. By stimulating the follicles, it stops falling hair, cures dandruff and grows hair on bald heads.

Keep the scalp clean, healthy, and free from irritating eruptions by the use of Skookum Hair Soap. It destroys parasitic insects, which feed on and destroy the hair.

If your druggist cannot supply you send direct to us, and we will forward prepaid, on receipt of price. Grower, \$1.00 per bottle; 6 for \$5.00. Soap, 50c. per bar; 6 for \$2.50.

County of Nevada Case.
The cost to the county of the trial of **Miss Borden** in Fall River, Mass., is now estimated at \$14,000. What Miss Borden's counsel's fees were may only be inferred, but the pecuniary rewards of successful practitioners in New England are as a rule—outside of Boston at least—not more than one-third of what they are in the big cities. For defending Lizbie Borden in a New York court and securing her acquittal her leading counsel would not have asked less than \$25,000. The items of the bill of costs to the county include \$300 to Assistant District Attorney William H. Moody, \$1,400 to Professor Wood of Harvard, \$2,574 to other medical experts, \$1,387 to stenographers, \$1,370 to jury fees and \$1,700 to deputy sheriffs.

Seeing the Fair in the Day.
Four young women from San Joaquin county made their last visit to Jackson park last Wednesday. They walked through the Fisheries, Government Manufactures, Electricity, Mining, Agricultural and Transportation buildings and the Illinois, California and Washington state buildings, and left for home the same night. They said they didn't think it was much of a show.—Chicago Tribune.

French archeologists are going to England to study her antiquities. The members of the French Archeological society intend to visit Dover, Battle Abbey and Hastings in order to discuss the Norman conquest of England.

From present indications the oyster set along the Connecticut shore this year will be one of the largest in many years.

WHAT DO YOU take medicine for? Because you want to get well, or keep well, of course. Remember **Hood's Sassaaparilla Cures**

Police on the Wheel.
The proposal to loan a part of the park police on the wheel is a timely one. Already the police have organized their bicycle corps and it can hardly be contended that the mode of locomotion is more rapid than the police service of bicycle to the police on the wheel is a timely one. In the event of the adoption by the police authority the public may assume that the men will be required to sit it properly. They will not offend the eye by contributing to the monkey on a gaudy exhibition. In fact, their martial appearance could be expected to contribute by its example to diminish that depressing practice. It is certain that the seat of the mounted police has stimulated perception of the ridiculous in equestrian bobbing from the saddle like cockney tailors out for a holiday.

The extension of the use of the wheel is among the interesting phenomena of the day. The French postal service has adopted it extensively in rural services. Even the staid Briton has proposed the reform. In England, however, the magnitude of the mail offers some difficulties. Its growing extension in the colonies is marked. The export of bicycles now cuts a respectable figure in board of trade returns. During the past year the value has nearly doubled.—New York Evening Post

The State of the Case.
It is New York news that the Duke of Verulam, who had accepted American citizenship, has taken the shape of a lion in Chicago. The duke's acceptance of citizenship has been a subject of much discussion. The duke's acceptance of citizenship has been a subject of much discussion. The duke's acceptance of citizenship has been a subject of much discussion.

Just full of improvements.—Dr. Pierce's Pleasant Pellets. To begin with, they are the smallest, easiest to take. They're tiny, sugar coated, anti-billions granules scarcely larger than mustard seeds. Every child is ready for them.

Then, after they're taken, instead of disturbing and shocking the system, they act in a mild, easy, and natural way. There's no reaction afterward. Their help lasts. Constipation, indigestion, bilious attacks, sick or bilious headaches, and all derangements of the liver, stomach and bowels are promptly relieved and permanently cured.

They're put up in glass vials, which keeps them always fresh and reliable, unlike the ordinary pill in wooden and pasteboard boxes.

And they're the cheapest pills you can buy, for they're guaranteed to give satisfaction, or your money is returned.

You pay only for the good you get.

M. J. CURTIS,
ARCHITECT AND BUILDER.

Plans Furnished and Estimates Given.
